1. Software Installation

For proper system installation of the **Cigati [Webmail Backup Wizard](#)**, your computer should have the minimum configuration requirements that are mentioned below.

Minimum System Requirements

Processor	Intel® Pentium 1GHZ Processor(x86, x64) or equivalent
Hard Disk	500MB of Free Hard Disk Space Required
Memory	Minimum 512MB (1GB Recommended)
Operating System	Windows 10 and all below Versions

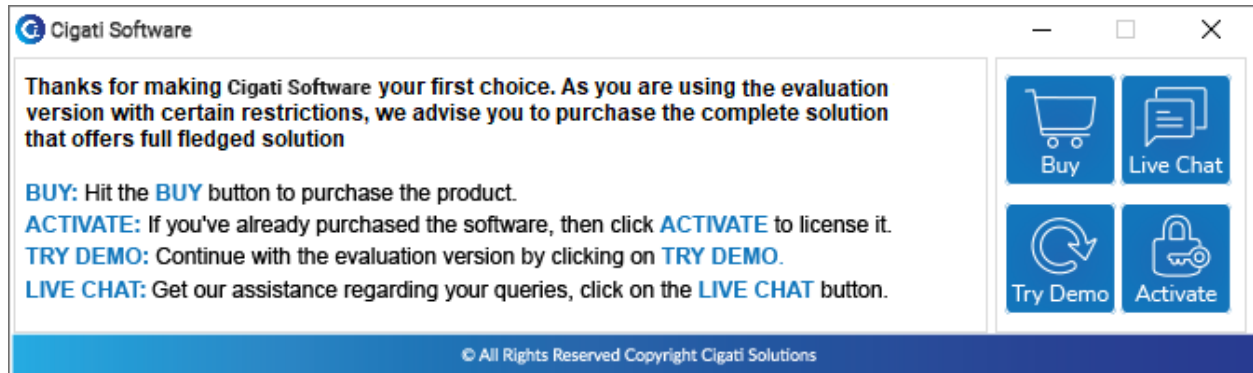

Installing the Software

To install the **Cigati Webmail Backup Wizard**, you need to follow the below installation steps precisely.

- Firstly, navigate to the [Cigati Solutions](#) website.
- Go to the **Webmail Backup Wizard** page and download the tool.
- Now, click on the downloaded file to start the installation setup.
- Press the **Next** icon to proceed further in the steps.
- Choose the location on your PC to install the software and hit **Next**.
- Once the installation completes, tap on **Finish** to exit the setup.

Evaluation Version Tab Buttons

As you launch the demo version of the software, the following buttons are displayed.

Buy: It redirects you to the [Purchase Now](#) webpage, from where you can buy the licensed version of the software.

Live Chat: This button will take you to the [Customer Support](#) page if you require any technical support.

Try Demo: It opens the demo version of the utility that comes with some restrictions.

Activate: You can activate your software with this button using the Order Id and [Activation](#) Key if you have already made the purchase.

2. User Interface

You will see the below user interface as you open the **Cigati Webmail Backup Wizard**.

The screenshot shows the Cigati Webmail Backup Wizard (Demo) window. The title bar reads "Cigati Webmail Backup Wizard (Demo)". Below the title bar is a menu with "Menu", "Buy", "Tools", and "Help". The main header is blue with the Cigati logo and the text "Cigati Webmail Backup Wizard" and "Migrate Webmail Emails to Different File Formats & Email Clients". To the right of the header are four icons: a shopping cart, a key, a question mark, and a person. Below the header is a section with two radio buttons: "Single Mode (Backup of Single Email Accounts)*" (selected) and "Batch Mode (Backup of Multiple Email Accounts)*". On the left is a list of email providers with their logos: AWS, AOL, Zoho, Yahoo, Yandex, Hotmail, Outlook, GoDaddy, and HostGator. On the right is a form with fields for "E-mail Address", "Password" (with a "Show Password" checkbox), "Port" (set to 993), and "HOST". There is a "Login" button and a "[Backup Email Only]" button. Below the form is a link "How to Enable IMAP." and a note "(*Please make sure your IMAP settings must be enabled.)". At the bottom is a blue bar with a "Live Chat" icon and a link ">Explore More Products".

You can use the four icons displayed on the tool for their below-mentioned functions.

	Buy	Click on this button to buy the licensed version of the software.
	Activation	You can activate the full software using the Order ID and Activation Key with this icon.
	Help	Tap here to learn more about the working and features of the software.
	Info	If you require any information about the software, you can press this icon for the same.

3. Working Procedure of the Software

Single Mode (Backup of Single Email Accounts)

Step 1: Download the **Cigati Webmail Backup Wizard** and run it as an administrator.
